

'Pray4YourPolice' is a UK wide prayer initiative that the Christian Police Association (CPA) is launching to coincide with National Day of Prayer for the Police.

In East Area, our Street Pastors and local Salvation Army arranged a drop in prayer session between 9am and 3pm on Thursday 30th May 2019 in the café at Romford Baptist Church, Main Road Romford. They invited all officers to pop in to pray, have a chat and a cuppa (anytime between 9am and 3pm). They also presented each one of us with a Gideon bible with the Metropolitan Police Crest printed on the front. It was very generous of them to have organised this for us and they wanted to show us that we are always in the prayers of our community. Our thanks to them for arranging this and special thanks to Street and Rail Pastor Coordinator Monica Abdala for leading us in prayer.

Shed/Garage Alarm

Consider fitting an alarm to your shed or garage if you store high value power tools inside. Extending your home alarm system or by installing a stand-alone shed and garage alarm will provide additional security.

Never leave your garage or shed unlocked if there are any tools/items stored inside that could be used to force entry into residential properties.
