Hey Parents! This week we started a brand-new series studying creation and the early chapters in Genesis.

God created the world for us to enjoy, but also to respect and maintain. Take some time to discuss the following questions with your child, encouraging them to take action in caring for God's creation!

- 1. What are some things God created?**
- 2. What is something God created that you love?**
- 3. How can you help Him take care of His creation?**
